

# Goel Ganga Foundation

Pure Delight is giving back to society.

With the objective of giving back to society, Goel Ganga Group has established the Goel Ganga Foundation (GGF), a not-for-profit body that is committed to:

- Providing high quality education to all strata of society;
- Setting up and running spiritual centres;
- Empowering cultural growth and conservation;
- Working for the preservation of the environment;
- Creating beauty, harmony and peace in the world.

# Activities by the GGF

Our journey of more than 4 decades has been about rising to the challenges of urban development in such a way that our every action makes the customers, the extended community, and the country Real Rich. To us, "Building with Real Rich" means creating clean, green, and happy spaces that are truly sustainable. We are also committed to building communities that are dedicated to the cause of sustainability. Climate change has caused havoc all across the globe. Temperatures are soaring. Pollution levels are going up day by day. Nature is sending out all the red signals it can. Having air-conditioners and air-purifiers as necessary gadgets is not the solution. Increasing the green cover is. Planting trees and increasing the green cover can address both the teething issues effectively. On June 5th, 2024, we launched "Project Chhaya", an endeavour to build a sustainable future for all. We planted 101 tree saplings and distributed more at street corners. The idea is to not only increase Pune's green cover by ourselves but to also create a community of environment crusaders, who will dedicate themselves to the cause. As a first step, we are going to plant 101 saplings on the 5th of every month to take this initiative forward. Building a clean and green Pune...a Real Rich Pune...is what "Project Chhaya" aims at.

# GG International School

As part of its endeavour to provide high quality education to all, the GGF set up GG International School – a CBSE school from Kindergarten to Std XII. Atha is the preschool offering of GGIS. Currently GGIS operates out of its fully equipped Pimpri campus. In the near future, however, GGIS will also offer world-class education from its state-of-the-art campus in Bavdhan. This campus will have 3 different boards – CBSE, IB and CBSE-I, an independent sports academy across 13.5 acres, a research and therapy unit for children with special needs, a special training, research and innovation unit for all stakeholders in the GGIS ecosystem – teachers, admin staff, parents, students, primary care givers as well as society at large.
